The future of grilling is smart!

PG 8138 SEVO SMART CONTROL GT

USP at a glance:

– **Smart grilling – with the smart app control, complex dishes turn out by themselves**

– **Simple control via the intuitive OLED display and always full control by the integrated core thermometer**

– **Low and slow - Thanks to the 3-zone heating technology and lid, no grill wishes remain unfulfilled**

– **BoostZone - 500 ° C for excellent brandings and perfect steaks**

APP CONTROL   OLED DISPLAY & 2THERMOMETERS   500 °C BOOST ZONE & 3-ZONE HEATING   PERFECT STEAK

Productdetails

Modular construction:
Many parts are removable, which makes cleaning easy

BoostZone
Full power thanks to the specially developed double heating

Grill rack
Split stainless steel grillage for best performance and easy cleaning (Ø7mm)

Water in the reflector cup
For easy cleaning, against grease fire and smoke formation. The bowl has a capacity of 2 liters.

SafeTouch
We are already stopping today the guidelines of tomorrow. Of course, the SEVO heats up - but not so hot that you burn yourself on it.

XXL power cord
2m long power cord makes it easier to choose a place and provides more flexibility.

3-zone heating
The specially developed heater has three modes:
LowZone - ideal for low & slow dishes and for cooking steaks
HotZone - ideal for grilling at temperatures up to 340 ° C
BoostZone - full power with up to 500 ° C for the perfect steak

Comprehensive app
Optionally, the SEVO SMART CONTROL can also be controlled via the SEVERIN app and checked at any time. Functions such as the timer and core thermometer can also be used conveniently here. Even complex dishes are guaranteed to succeed thanks to Grillmaster function.
