

The *new* generation.

FILKA - New display with user-centric UI/UX

The new generation of FILKA features a state-of-the-art, fully digital colour touch display. With intuitive menu navigation, a set-up wizard, helpful tips and practical reminder functions, it makes enjoying coffee even easier and more convenient.

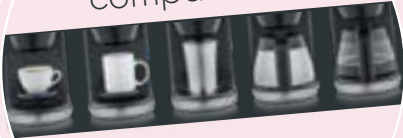

The menu interface adapts automatically and offers the user the relevant setting options for coffee quantity and strength in an easy way. This ensures that every coffee lover can enjoy their perfect cup at the touch of a button - whether at home, in the office or on the go.

Do you want to enjoy your coffee just the way you like it? Preferably at the touch of a button? Then you should definitely try our new FILKA, the first fully automatic filter coffee machine. With FILKA, you can make perfect coffee effortlessly and super conveniently, always in just the right amount. From the big, strong wake-up cup for with the morning paper to the small pick-me-up for in between to the hot companion for on the go.

And it's as simple as this: select how much coffee you want on the display and the coffee beans are freshly ground for you. Then the FILKA draws exactly as much water from its practical removable water tank as is needed for your desired amount of coffee and brews it for you at the optimum temperature. Smells good, doesn't it?

FILKA. The fastest way to your favourite coffee.
