Product details

Modular structure: Many parts can be removed, making it easy to clean

Boost Zone: Full power due to the specially developed double heater

Grill grate: Split stainless steel grill grate for best power and easy cleaning (Ø7mm)

Water in the reflector shell: For easy cleaning, against grease fires and smoke formation. The bowl has a capacity of 2 litres.

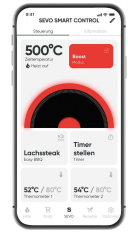

SafeTouch: We are already complying with tomorrow's guidelines today. Of course the SEVO heats up - but not so hot that you get burned immediately.

XXL supply line: 2m long connection cable makes it easier to choose a place and ensures more flexibility.

3-zone heating: The specially developed heating has three modes: Low Zone - ideal for low & slow dishes and for re-cooking steaks Hot Zone - ideal for grilling at temperatures up to 340°C Boost Zone - full power at up to 500°C for

Comprehensive App: Optionally, the SEVO SMART CONTROL can also be controlled and monitored at any time via the SEVERIN App. Functions such as the timer and core thermometer can also be used conveniently here. Even
