

KA 4850 Fully automatic filter coffee machine FILKA

- Fully automatic "Cup Control": measuring out water to the exact cup is a thing of the past! The FILKA always uses only the exact amount of water necessary for the amount of coffee you require.
- Flexibility and individual enjoyment of coffee in a new dimension.. The FILKA can do "everything" thanks to innovative 5-in-1 compatibility and individually adjustable cup space: glass jug (included), thermal jug, small cup, large mug or thermal mug "To go". Fully automatically adjustable amount of coffee (100 - 350 ml) when making a cup.
- Premium quality coffee enjoyment - including sustainable gold tone filter.
The optimum brewing temperature (up to 96°C) and pre-brewing function ensure freshly ground, hot, strong coffee. Includes washable gold tone filter as an alternative to the conventional paper filter.
- A new level of user convenience: intuitive, simple and hygienic. The removable water tank makes it easy to fill and the removable coffee bean container makes it easy to clean the grinder. The powder output can be opened automatically for easy cleaning. Water filter included!
- High-quality, space-saving, ultra-slim design.
Only 17 cm wide, FILKA can fit anywhere.
- Pleasantly quiet grinding process thanks to our quietest grinder to date.

Product details

Innovative 5-in-1 compatibility:
Thanks to the integrated cup holder, the FILKA can be used not only with a glass jug and thermos jug, but also with a small cup, large mug and thermo mug.

Maximum flexibility:
Fully automatically adjustable coffee quantity for each cup (100 - 350 ml)

Pleasantly quiet grinding process.
thanks to our quietest grinder to date.

Premium coffee enjoyment:
Full-bodied, strong, hot: the perfect brewing temperature of up to 96°C and an integrated pre-brewing function make it possible.

High ease of use:
Laborious and precise measuring of water by the cup is a thing of the past. The FILKA always draws the exact amount of water required.

Easy to clean:
Thanks to the removable bean container, the grinder can be cleaned easily if necessary.

Extensive scope of delivery:
The accessories supplied guarantee the best water quality and maximum coffee enjoyment.
