Product details

More time for beautiful things: clean carpets and hard floors thanks to 2,200 Pa of high suction power.

Intelligent cleaning, variable suction levels and various automatic programmes remove dirt and dust from every part of your house.

Boost function for clean carpets ensures deep cleaning, even on carpets.

Long battery life for such a large surface: 2,600 mAh Li-ion battery ensures a runtime of up to 90 minutes.

Always ready for use: thanks to adjustable weekly programme and automatic return to the charging station.

Super quiet operation: the long-lasting digital motor ensures a pleasant working environment below 65 dB.

Thanks to sensor technology, the robot protects sensitive furniture and detects obstacles such as stairs and edges.

Smart cleaning: the big wheels climb carpets, edges and door strips up to 17mm.

Easy cleaning thanks to the 600ml dust container and the easy-to-remove filter unit.
