Product details

High-quality ceramic plates

The 24.5 x 110 mm ceramic coating ensures effortless gliding and shiny results with every styling.

Perfect adjustment with floating plates

The movable styling plates adapt to the hair structure so that the heat is distributed evenly.

Voltage adjustment world-wide

Thanks to 100-240V and 50/60Hz, the straightener is ready to go anywhere - perfect for stylish trips around the globe.

LED temperature display

The LED display offers full control from 130 °C to 230 °C - just as you need it.

Styling at up to 230 °C

With a maximum temperature of 230 °C, even thick and unruly hair can be styled perfectly in no time at all.

Lightning-fast heating

The powerful PTC heater reaches 150 °C in just 30 seconds - for styling without waiting.

360° rotatable cable with extra length

The flexible 2.80 m cable with practical hanging loop offers maximum freedom of movement - ideal for comfortable styling in any environment.

Ion technology for shiny hair

The ionizing function reduces frizz and gives your hair a radiant shine - for a professional finish.
