Product details

Good for the environment and your wallet: this freezer-fridge combination not only looks good, it also consumes little electricity. In this way you can not only protect your household budget, but also the envi-

Never defrost again: Precise air circulation ensures optimum humidity regulation inside the freezer compartment - making freezer burn a thing of the past!

Faster cooling: the electronic control with "fast cooling" function is ideal for drinks or desserts.

Bright, durable and energy-saving: LED light in your refrigerator ensures the best visibility paired with low power consumption. A perfect combination.

Long-lasting freshness for fruit, vegetables, meat and cold cuts: the VEGGIBOX creates the perfect conditions for fruit and vegetables with high humidity (90%) and temperatures around 5° C. The humidity
